

FORM 2805DE / 2805DED STOOL – DESIGN JUKKA SETÄLÄ NOW AVAILABLE

The compact Form stool is an addition to the elegant and functional Form furniture range. The popular range consists of several different chairs and a conference table that have been designed for Martela by Jukka Setälä.

Thanks to the Form stool's clean lines, it can be easily placed in various different spaces like break-out areas, bars and kitchens. The seat is available either without or with upholstery in several different colors.
